

PERSONAL INFORMATION

Roland Grillmayer

-  Spittelauer Lände 5, 1090 Vienna (Austria)
-  +43 1 313 043331  +43 676 9410850
-  Roland.grillmayer@umweltbundesamt.at
-  www.grillmayer.eu

Sex Male | Date of birth 09/04/1970 | Nationality Austria

WORK EXPERIENCE

03/ 03/2015 - Present

Senior Expert on GIS and Remote Sensing for Nature Protection

Umweltbundesamt Wien GmbH
www.umweltbundesamt.at

- Technical consultant for implementation issues of the INSPIRE Directive
- Specialist on Geodata Infrastructure and IT architecture design based on Open Source Technologies especially designed to support EU reporting obligations and technology trends like linked data and the semantic web technology stack
- Using GIS and Remote Sensing technologies for time and cost efficient land monitoring
- Methodology and concept development of using crowd sourced information for land monitoring purpose
- Development of land cover and land use models with special focus on semantic transformation and data validation
- Active participation in different ISO/TC211 Working groups. Development of GIS standards to improve system interoperability

Business or sector Environmental Services

01/02/2011-02/02/2015

Head of Subdivision Geoinformatics

University of Applied Sciences, Wiener Neustadt (Austria)
<https://www.fhwn.ac.at/>

Department of Informatics, Subdivision Geoinformatic

- Responsible for coordination and strategic orientation of all research and teaching activities within the Master degree Geoinformatics

Main Research:

- Development of national and international Standards for Geographic Information Methodology and concept development of using crowd sourced information for land monitoring purpose
 - ISO 19160: Addressing
 - ISO 19155.1: Place Identifier (PI) Architecture
 - ISO 19155-2: Place Identifier I(PI) Linking
- Geodata modelling, GML
- Geospatial Semantic Web

Business or sector Education and Research

23/09/2006-21/01/2011

Research and Teaching Assistant

University of Applied Sciences, Wiener Neustadt (Austria)
<https://www.fhwn.ac.at/>

Department of Informatics, Subdivision Geoinformatic

Main Research

- Development of GIS-Standards
 - Data Quality (ISO 19157)
 - Addresses (ISO 19160)
- GIS-Infrastructure, GIS-Web services

Business or sector Education and Research

01/03/2002-20/09/2006

Research and Teaching Assistant

University of Applied Life Sciences Vienna, Vienna (Austria)
www.boku.ac.at

Department of Remote Sensing, Survey and Land Information

Main Research

- Geographic Metadata
- GIS-Infrastructure
- Geospatial Semantic Web
- GIS-Web Services
- Analysis of landscape pattern and related ecological processes based on landscape metrics

Business or sector Education and Research

01/03/1999-01/03/2002

Research and Teaching Assistant

University of Applied Life Sciences Vienna, Vienna (Austria)
www.boku.ac.at

Department of Remote Sensing, Survey and Land Information

Main Research

- Radiometric calibration of satellite images
- Knowledgebase classification of satellite images
- Development of segmentation algorithm

Business or sector Education and Research

EDUCATION AND TRAINING

01/10/1992 – 01/09/2001

Dipl.Ing of Landscape Architecture and Planning

University of Applied Life Sciences, Vienna (Austria)

- Landscape Ecology, Remote Sensing, Geoinformatics

PERSONAL SKILLS

Mother tongue(s) German

Other language(s)

English

UNDERSTANDING		SPEAKING		WRITING
Listening	Reading	Spoken interaction	Spoken production	
C2	C2	C1	C1	C2
Replace with name of language certificate. Enter level if known.				

Communication skills

Good communications/education skills gained through my experience as university lecture and my involvement at ISO/TC211

Organisational / managerial skills

Leadership: Responsible for a team of 6 people on the University of Applied Sciences Wiener Neustadt)

Job-related skills

- Mentoring skills:Responsible for the coordination and strategic orientation of all research activities within the group)
- Project Management skills: Responsible for the project management of all projects of Subdivision
- Acquisition skills: Submission of in average three Proposals/per year

Computer skills

- GIS-Client Technologies:: ArcGIS, QGIS, gvSIG..
- GIS-ServerTechnologies: ESRI-Server Technology (ArcGIS Server), GeoServer, Mapserver..
- Database: PostgreSQL/PostGIS, Oracle/Oracle Spatial, MS SQL Server
- ETL-Tools: FME, HALE, GeoKettle
- Web technologies: (X)HTML, CSS, XML, KML, GML ▪ Modeling: Enterprise Architect, Altova XML Suite

Driving licence

Replace with driving licence category/-ies. Example:
B

ADDITIONAL INFORMATION

Memberships

- Member in different Working Groups at SO/TC211 - Geographic Information
- Head of Delegation of the Austrian Standards Expert Committee ON84: Geographic Information and Survey
- Member in different INSPIRE Working Groups

Publications
